

Serving The Body of Christ - Equipping Leaders & People Helpers - Building Individuals- Restoring Broken Relationships

Equipped to Minister

With: Pastors Sylvia Fraser & Derek Wright

Our desire is to bring our experience and passion as Pastors and Christian Leaders. To -

Be a resource to Body of Christ.

Serving the local church by equipping and encouraging leaders and workers-through our various Workshops - Seminars and Retreats.

Each module develops the psychological insights, biblical principals as well as the practical application of basic mentoring skills for Christians workers.

These skills are increasingly needed by those facing the challenges of ministering to hurting people and families, in an increasingly broken and chaotic world.

Our 'Equipped for Ministry' Program is a series of modules, which begin with a one day workshop, follow by 5-6 weekly sessions.

There are also Community Service modules that highlight Duty of care, best practice and legal responsibility.

These modules are suitable for professional development and have been adapted from a previously Nationally accredited Diploma in Christian Counselling and Community Education.

Participants receive a 'certificate of attendance' for each module and those who complete all 10 modules receive a Certificate of Completion.
